STITCH

HARDY CRAFT STUDIO

Thank you for choosing this pattern from Hardy Craft Studio! We truly appreciate you as a customer. Before you begin, please take a moment to read through the instructions. This pattern is versatile, allowing you to choose the stitch that works best for you. Don't hesitate to explore our other amazing patterns—we're sure you'll find something you love!

How to Crochet This Pattern

This pattern includes detailed, written instructions and color block diagrams, **starting from Row 1. To begin, chain the number of stitches specified for the first row in the indicated color.** If a color change occurs in the first row, start with the background color. Alternatively, you may use a foundation chain method if preferred. This pattern can be worked in single crochet, half double crochet, or double crochet; however, the provided dimensions are based on the single crochet stitch. For additional guidance, you can find helpful tutorials by searching for crochet tutorials specific to the stitch you have chosen on YouTube.

Pattern Instructions

This pattern uses multiple colors to create a stunning design. To ensure accuracy:

- Prepare separate balls of yarn for each color.
- Track the number of stitches for each color as you work through the pattern.

After completing your project, remember to weave in all yarn tails to give your work a polished look.

Supply List

Here are the tools and materials you'll need to complete your project:

- **Pattern Instructions:** Includes written and color block diagrams.
- **Crochet Hook:** Choose the appropriate size for your selected yarn.
- **Ruler:** Helpful for drawing a line through each completed row in the graph pattern and for measuring your gauge with a test swatch before starting.
- **Clipboard:** Secures your graph pattern, making it easier to cross off rows while crocheting on the couch.
- **Tapestry Needle:** Essential for weaving in ends. For denser, fabric-like yarns, a sharper upholstery needle or a small crochet hook may also be helpful.
- **Scissors:** Keep a small, sharp pair handy for trimming ends and switching colors.
- **Bobbin Tools:** Use clothespins, binder clips, or industrial clips to wind small balls of yarn and secure them to your project or a sturdy surface nearby.
- **Bobbin Management System:** Develop a system that works best for you to keep separate yarn balls or bobbins organized when switching colors.

Yarn Requirements

The number of skeins needed for each color will vary depending on the brand of yarn.
